Things we need from you prior to wedding day in order to make the night smooth and stress free for you:

- Someone we can communicate with during the evening if we have questions (an aunt, bridesmaid, etc.,) preferably someone knowledgeable of your wishes, yet not too involved in other areas.
- List of those who will need to be announced, with their names spelled out phonetically, and in the order that they will be entering (Make sure they know this order as well)
- Who will be toasting or speaking so we can make arrangements to get them the microphone at the right time.
- Specific Songs you want for specific dances (first dance, father/daughter, etc.)
- Any other details about the order of the night that you feel we need to know to make your night perfect.
